- [Air Quality permits under review](#)

DNR enforcement actions

MEDIA CONTACT: Tamara McIntosh, DNR, at 515-725-8242
or Tamara.McIntosh@dnr.iowa.gov.

DES MOINES – DNR staff work with individuals, businesses and communities to help them protect our natural resources by complying with state and federal laws. This approach is very effective. In the few cases where compliance cannot be achieved, the DNR issues enforcement actions. The following list summarizes recent enforcement actions. Find the entire, original orders on DNR's website at www.iowadnr.gov/EnforcementActions.

Consent Orders A consent order is issued as an alternative to issuing an administrative order. A consent order indicates that the DNR has voluntarily entered into a legally enforceable agreement with the other party.

Polk County

Main Voyage, L.L.C. dba All Iowa Pool and Supply, Inc.

Cease all illegal discharges and pay a \$6,000 administrative penalty.

Air Quality permits under review

MEDIA CONTACT: Sarah Piziali, DNR, at 515-725-9549
or Sarah.Piziali@dnr.iowa.gov for construction permits.

DES MOINES – The DNR Air Quality Bureau has the following draft permits up for review. The permits help protect Iowans' health and air quality. DNR's permitting staff review each permit application to ensure facilities comply with state and federal air quality requirements. We encourage public comments on draft permits, providing help on how to [make effective comments](#). Submit written comments to the assigned permit writer before 4:30 p.m. on the last day of the comment period. DNR considers public comments before finalizing the permits.

Construction Permits

DNR engineers review and issue construction permits to facilities before they build new

or modify existing sources of air pollution. The public may review the following air quality construction permits available online at www.iowadnr.gov/airpermitsearch OR through the [EASY Air Public Inquiry Portal](#) and then click the Public Notice tab.

Muscatine County

Grain Processing Corporation – 1600 Oregon St., Muscatine.

Project No. 21-020, Truck Unloading: Raw Products for Cat Litter Production: increase PM_{2.5} emission limit, modify exhaust airflow rate and temperature due to 2020 testing, and add operating limits. The public comment period ends May 28.
